REVISION HISTORY

The revision history sections of the EMIS Manual provide a means for readers to easily navigate to the places where updates have occurred. Significant changes and updates are indicated through underlined blue text for additions and red text with strikethroughs for deletions. Minor changes—such as typos, formatting, and grammar corrections or updates—are not marked.

2.8.1 ASSESSMENT AREA CODES

CURRENTLY VALID CODES
General Guidelines

The codes included in this section are the currently valid options for the Assessment Area Code (FA205) on the Student Assessment (FA) Record. Assessment Area Code options are one to four character codes that identify the test or subject area of the assessment administered. For information about reporting these codes, see EMIS Manual Section 2.8.

Table 10. Industry Credential (GW) Assessment Area Codes and Descriptions. The fiscal years represent the year(s) in which an Industry Credential is/was valid to be earned by students. Each fiscal year, a new column will be added and the oldest column—representing students who are no longer school-aged and so are no longer being reported via EMIS—will be deleted. There will always be eight fiscal years included in this table. For additional information on Industry Credentials, please see the Department's Industry-Recognized Credentials webpage.
