

### **EMIS Change 25-100**

Section 2.1 currently indicates that the STUNPNTSRV attribute is reported during the calendar collections. This is not correct. This change updates the guidance to indicate that this attribute is reported during the student collections.

## **SECTION 2.1: STUDENT RECORDS OVERVIEW**

### **SPECIAL REPORTING SITUATIONS**

#### ***Special Education Student Attending a Nonpublic School***

A special education student attending a nonpublic school can be placed there either by parental choice or by the district. Please follow the appropriate reporting instructions below depending on how the student was placed in the nonpublic school.

#### **1. Parentally Placed Special Education Student in Nonpublic School**

As a general reporting guideline, the public school district (not including community schools) in which the nonpublic school is located has the responsibility to report special education students who are parentally placed in the nonpublic school. This may or may not be the same district as the resident district of the student. In cases where the nonpublic school is located in a district other than the student's resident district, the resident district has no reporting responsibility. The following reporting guidelines should be followed in this case.

- **Public School District Providing Special Education Services**

These students are receiving special education services (on a services plan) from the public district in which the nonpublic school is located. In these cases, the public school district is responsible for reporting Student Demographic, Standing, Attributes – Effective Date, Attributes – No Date, and Program Records.

- **No Special Education Services Provided by Public School District**

These students are eligible to receive services from the public district, but are not being served in this capacity. In this situation, the public district reports these students as an aggregate count on its Organization – General Information (DN) Record during the ~~Final Calendar (C)~~ [Beginning of Year, Midyear, and End of Year Student \(S\) Collections](#) in the Unserved Eligible Nonpublic Students with a Disability ~~Element~~ [Attribute \(STUNPNTSRV\)](#). In this case, the public school district does not report individual student level records.
