(f) Post-graduate outcomes for students who were enrolled in a district or building and received a high school diploma under section [3313.61](#) or [3325.08](#) of the Revised Code in the school year prior to the school year for which the report card is issued, including the percentage of students who:

(i) Enrolled in a post-secondary educational institution. To the extent possible, the department shall disaggregate that data according to whether the student enrolled in a four-year institution of higher education, a two-year institution of higher education, an Ohio technical center that provides adult technical education services and is recognized by the chancellor of higher education, or another type of post-secondary educational institution.

(ii) Entered an apprenticeship program registered with the apprenticeship council established under Chapter 4139. of the Revised Code. The department may include other job training programs with similar rigor and outcomes.

(iii) Attained gainful employment, as determined by the department;

(iv) Enlisted in a branch of the armed forces of the United States, as defined in section [5910.01](#) of the Revised Code.

# (New) Exiting Follow Up

- To reduce additional work, incorporating existing CTE March D and Special Education follow up
- Also simplifying the information required in those other follow up collections
  - No more WBL hours
  - No more POC for CTE- now Career Field
- Many of the remaining questions will be common to all 3 groups

# Which Students?

- We will still provide a file
- CTE- no changes from March D
- SWD- when student exited (graduate or dropout), student was reported with a disability condition
- Grad- all graduates from the prior year, regardless of cohort assigned
- File will indicate which group and which district- all will see same picture of student

# Who is responsible?

- For CTE students, JVSD/district/community school where the student was last a concentrator would report
- For SWD, the resident district/community school would report
- For grads, the grad rate accountable district/community school would report
- If a responsible LEA does not report, but another does, data from the other LEA will be used

# When?

- Window to open in mid to late October
  - May be small change to processing schedule
- All students can be updated all year
- CTE data due to USDoE at end of January
  - Close window around end of December
  - Short appeal window (only need to appeal CTE)
- Window reopen for all students in February
- Window to close August 4<sup>th</sup>

# What?

- Basic questions on employment, post-secondary education, apprenticeship, and military
- Each group may have unique follow up questions
  - For SWD, type of employment
  - For CTE, public service

# Manual Review

## ODE EMIS MANUAL

### Section 2.23: Exiting Student Follow-Up (FW) Record

# HELP!!!!!!

- We will be seeking out additional data sources that we can match
  - Employment
  - Higher Education
  - Military
- Students reported by more than 1 district
- We will be providing possible survey questions that you can use or modify as needed
- Communications going out shortly
- Web page with guidance being developed

# Reports

- A level 2 report listing all students will be provided
  - CSV format, includes FW columns
  - Will indicate students removed, added, or updated within the same file using result codes
- A second level 2 report will have additional information to help understand the list
- Three additional level 2 reports will be produced for each of the areas
  - Will combine data from multiple sources to show final status and any conflicting data

# Reports

- Via Files in the Data Collector, we will send the FW data in flat file format for FFE
    - If students are added or dropped, a new file will be sent with just the changes
  - If student list changes, an error report in the collection will indicate
    - students who are missing (added student), or
    - show a fatal (removed student)
- if the submitted data does not match the new list

# Student Lists

## 2023 File Descriptions

---

### *2023\_CTE\_FOLLOWUP\_STDNT\_DRAFT\_<file date>.xls*

#### *2023 CTE Follow-Up Student File*

This report contains information about students who are to be included in the 2023 CTE Follow-Up file for the Initial Exiting Student (S) Follow-Up Collection. This file is for districts to use to determine if a CTE Concentrator appeal should be submitted to add or remove a student from the 2023 CTE Follow-Up file or to revise the one (1) CTE Program of Concentration (POC) for a student already listed in the file.

### *2023\_SWD\_FOLLOWUP\_STDNT\_DRAFT\_<file date>.xls*

#### *2023 Students With Disabilities Follow-Up Student File*

This report contains information about students who are to be included in the 2023 Students With Disabilities Follow-Up Student file for the Initial Exiting Student (S) Follow-Up Collection. This file provides districts with a list of students who met the following criteria in the prior fiscal year:

1. Students who left secondary education *and*
2. Are age 14-21 with a reported disability condition on their last day of enrollment.

# CTE Concentrator Appeals

- The student list is updated each week
  - Students are removed or added as FY23 data is reported- there may be some delay
- Make sure subject code, LCC, and FY are accurate and aligned
- When adding or revising the POC
  - Student must have generated FTE in the course
  - Student can not generate FTE this year
  - The year of the POC is for reference only- no appeal needed
- A student would not be removed just because they attend another LEA- last CTE is key
