

Professional and Instructional Resources Implemented by Striving Readers and CLSD Subgrantees

This resource contains samples of materials used by Striving Readers and Comprehensive Literacy State Development Subgrantees. **It was developed to provide information and ideas for interested applicants and should not be considered an approved or exhaustive list of products purchasable under Ohio's Comprehensive Literacy State Development Subgrant, nor should it be construed as an endorsement of any of the listed products.** Applicants are required to identify professional and instructional materials aligned to their local needs assessment and project goals.

The Department recognizes the importance of innovation and local fit and encourages applicants to identify resources and instructional materials in their applications not included in this document. When choosing materials, applicants should ensure they are aligned to [Ohio's Plan to Raise Literacy Achievement](#) and are the right fit for their students and educators. **The fit should be determined through the applicant's comprehensive needs analysis.**

The resources and instructional materials listed below include support for educator professional learning and supplementary instructional and intervention tools for learners. Products considered core curriculum are not included. Comprehensive Literacy State Development funds may not be used to purchase core curriculum.
