Decision-Making Tool for Reading Access Accommodation on English Language Arts Test

INTRODUCTION

The Decision-Making Tool for Reading Access serves as a checklist to assist Individualized Education Program (IEP) teams and Section 504 Plan coordinators in determining eligibility for certain accommodations available for use with Ohio’s State Tests in English language arts. Accommodations include text-to-speech, human read-aloud, screen reader, and/or a sign language interpreter. Education teams should assess eligibility **annually** whenever a student is required to participate in an English language arts state summative assessment.

The reading access accommodation is only available for a student after an IEP/504 team has determined that their disability severely limits or prevents them from independently seeing, accessing, and/or decoding printed or digital text, as outlined in step 2 below.

Testing accommodations are familiar supports that the student uses regularly during instruction. **An accommodation should never be introduced to the student during testing.** Teachers should expose students to online test items, using accommodations, in the [Student Practice Site](#). The [Student Practice Resources](#) folder in the test portal contains a Practice Test Guidance Document, practice test items, released items and scoring guides.

For human readers and sign language interpreters, the test administrator will need to sign [Appendix H: Non-Disclosure Agreement for Accommodations on Ohio’s State Tests](#) and implement [Appendix F: Guidelines and Glossary for Sign Language Interpreters](#). *Note:* The student must be tested in a separate or alternate location *if* headphones are not used for text-to-speech, or the student has a human reader or sign language interpreter.
